PERFORMERS

*“Music gives a soul to the universe,
wings to the mind, flight to the imagination
and life to everything.”*

– Plato

Bach is the beginning and the end of all music (Max Reger, composer and pianist). Along the way however are some exciting and creative composers who bring light to our musical repertoire and joy to our hearts. The musicians this year have chosen some ancient and some contemporary composers for our listening delight. From Hildegard von Bingen to Edgar Meyer with a generous share of the master himself – Johann Sebastian Bach – please join us for these concerts in July!
